#### ROME WAITERS ARE CAESARS.

All Restaurants Closed Because of the Tip Problem.

Rome, July 8 (Correspondence of the Associated Press).—Restaurant waiters have been recently veritable ancient Caesars in Rome for they have controlled both the public and the hotel and restaurant proprietors. Romans cannot eat outside the confines of their own home for there is now no place to eat. All restaurants are closed.

The quarrel is on the unending subject of tips. It has been the policy during some weeks to include the tip in the bill. At the end of each day, the waiter's share would amount to 20 per

cent of the gross receipts in some cases. The proprietors found that this procedure was not acceptable to the guests and asked the waiters to return to the former system of voluntary tipping. They refused.

The refusal culminated in a strike. Some hotels were forced to accede to the demands of the waiters and in these alone was anyone able to procure food. Because these hotels were the only ones in which people could be served, the waiters clashed with the patrons. Italian officers accompanied by women were insulted while a dignified British general, just returned from the campaign in Palestine, was subjected to a somewhat tortuous exorcism.

#### WANTS OTHERS TO TRY REMEDY THAT GAVE HER HEALTH

Stomach Trouble Gone, Says Meriden Woman, After Taking Dr. Williams' Pink Pills.

"During nearly three years of illness," relates Mrs. W. P. Jones, who lives at No. 30 Crown street, Meriden, Conn., "I had tried many preparations and prescriptions without any improvement in my condition. My failure to find anything to relieve my suffering began to worry me, and I was all but ready to give up hope when I heard of Dr. Williams' Pink Pills and their success in restoring general bodily health by enriching the blood.

"By this time my stomach was in such a condition that I couldn't eat a good meal without distress. I suffered from cramps for hours after eating, with the result that I lost sleep and was always tired. My blood was so poor that I was numb in parts of my body. My limbs were sore and stiff, and I had rheumatic pains in my shoulders. I became very nervous and restless.

"A few weeks after I commenced taking Dr. Williams' Pink Pills, my blood became richer, and it seemed only a short time before my whole body improved in tone. My stomach is stronger now, and I can eat heartily without suffering from cramps or indigestion pains. I sleep well and the stiffness has left my limbs. I feel it a duty to recommend Dr. Williams' Pink Pills for they helped me when nothing else did."

Your own druggist can supply you with Dr. Williams' Pink Pills or you can order direct from the Dr. Williams' Medicine Co., Schenectady, N. Y., enclosing fifty cents for one box or \$2.50 for six boxes. Write to-day for the free booklet "Diseases of the Nervous System."—Adv.

CHARGED "PETTY POLITICS."

Burlington Alderman Bitter Against Mayor Jackson.

Burlington, July 8.—Eight aldermen, Mayor J. Holmes Jackson and City Attorney Theodore E. Hopkins were the stalling session of the city's governing body, the board of aldermen, held for several years during which Alderman Edward Hambridge accused the mayor of playing petty, personal politics when he returned without his approval the bill for \$677.17 presented by Burlington men who were fostering the proposed barge terminal for Burlington, on the ground that the money was spent without the approval of the board of finance. The mayor also returned without his signature on the resolution providing for the levying of two separate taxes, one of 40 cents on the dollar of the grand list to pay the city's share of the state tax and the other levying an assessment of \$1.80 on the dollar of the grand list to meet the expenses of the city, on the ground that it was establishing a bad precedent. The aldermen, however, voted to sustain the vetoes of the mayor.

The bill of \$677.17 as presented by the committee in charge of the fostering of the barge terminal, with P. E. McAuliffe as chairman, was for expenses incurred during the canvass about the state to work up interest in the terminal. Each item in the bill was accompanied by a voucher, but the bill was not approved by the finance committee, for the reason, so the mayor's message stated, that the resolution appropriating \$1,000 for furthering the project called for the money to pass through the hands of the finance committee, whereas the terminal workers paid the money out of their own pockets and then submitted the bill and the vouchers to get back their expense money.
